

Dear Dennis,

I wanted to take a minute to Thank-you for enhancing my life. I classify myself as a balanced, loyal, happy, hard working person. Although I have had ~~for~~ tremendous love & support throughout this journey - I feel there has been a certain lack of guidance (for lack of a better word.) This guidance that I am truly aware of has effected many aspects of my life. I feel unprepared, somewhat cheated, & unknowlegeable when it comes to the financial issues of my life. Education & financial education was never really a priority to my mother when she raised me. Probably because she didn't understand them herself. I now feel nervous, uncomfortable, and frankly completely clueless when it comes to these issues. For the first time I feel I have the tools through your encouraging words and Seminar to tackle these challenges. All I can really express is I was meant to be here and it was no accident. I was meant to be here to cross paths with you. I will hold & cherish every aspects of our few days together. Thank-you for making me a better person.
