Dear Dennis,

8-14-91

I just thought I'd peactid my promise to keep in touch and tell you of my successes AND say thank you at the same time! My outlook and life has been so positive and fun. As you know Mark's wedding was yesterday and I was involved. I was able to feel good about myself and have fun communicating with people. I cannot express in words what you have helped me do in my "new life!" And I know where I am, do you? ☺ Wendy K. Jewson
