Training With Dennis Parker

My experience with the New Start School during the week of July 28 - Aug 1, 2008 has been very genuine and real. I have grown personally and professionally because of the training that Dennis Parker provided. This man is a real talent and he is very compassionate and inspiring, let alone knowledgeable. He has so much to offer to groups of sales people who are seeking guidance to become a better person and to be all one can be.

I especially enjoyed the hypnosis.

Thanks for everything!
